

Statement of Purpose

This revised Statement of Purpose was adopted at the CEASE Annual Meeting November 7, 2014.

P.E.A.C.E. is a network of parents, teachers, and other concerned individuals dedicated to helping young children and their caregivers develop and thrive in peace and well being.

To these ends we are:

- Working to create a nonviolent, just, inclusive, and respectful world,
- Striving to prioritize human services and environmental sustainability in government budget and policy decisions; and
- Advocating for government commitments to improve and expand high quality child care and child development programs accessible to all children.

For all these purposes, we are:

- Sharing information with the early childhood community through periodic publications, workshops, and other peace education materials;
- Providing a supportive network for teachers and parents who share our concerns; and
- Supporting other organizations and individuals in efforts to achieve our shared goals.

We work to develop the attitudes, understandings, and methods of nonviolent action needed to build peace, caring, justice and mutual respect within ourselves, others, and in our environments.
